

2010 United States Mint Proof Set®

UNITED STATES MINT

2010 UNITED STATES MINT PROOF SET®

The United States Mint Proof Set symbolizes our most unique qualities. Each coin image tells the story of our country's incredible journey. And the 2010 set is the perfect opportunity to begin, continue or renew your own journey in coin collecting!

The 2010 United States Mint Proof Set features all 14 circulating coins of the United States in stunning proof condition, displayed in three protective lenses—one containing the **five quarters from the United States Mint America the Beautiful Quarters® Program**, one with the **four Presidential \$1 Coins**, and the third featuring the **Native American \$1 Coin** and **Kennedy half-dollar, Roosevelt dime, Jefferson five-cent and Lincoln one-cent coins**.

Proof coins are the result of a minting process in which highly polished planchets and dies create stunning examples of American coinage. Proof coins are often struck more than once to accent each design. They receive the highest quality strikes possible, and are distinguished by their sharpness of detail and brilliant, mirror-like surface. Each coin features the "S" mint mark of the United States Mint at San Francisco on its obverse.

Connecting America through Coins

New for 2010!

America the Beautiful Quarters® Program

Beginning in 2010, the United States Mint is minting and issuing five different quarters each year through 2020, with one final coin in 2021. The quarters feature reverse designs depicting national parks and other national sites in each state, the District of Columbia and five U.S. territories—the Commonwealth of Puerto Rico, Guam,

American Samoa, the U.S. Virgin Islands and the Commonwealth of the Northern Mariana Islands. The coins are being issued in the order in which the featured site was first established as a national site.

The 2010 reverse quarter designs feature the façade of the Hot Springs National Park headquarters building with a thermal fountain in the foreground; Yellowstone National Park's iconic Old Faithful geyser with a mature bull bison in the foreground; Yosemite National Park's El Capitan, the largest monolith of granite in the world; a view of the Grand Canyon's granaries above the Nankoweap Delta in Marble Canyon; and a view of Mount Hood National Forest with Lost Lake in the foreground.

*The first year of this unique program
is the perfect time to start your
collection, and the
2010 United States Mint Proof Set
is the ideal set!*

Native American \$1 Coin

The Native American \$1 Coin features the familiar image of Sacagawea on the obverse and an image of the Hiawatha Belt with five arrows bound together on the reverse symbolizing the theme "Government—The Great Tree of Peace."

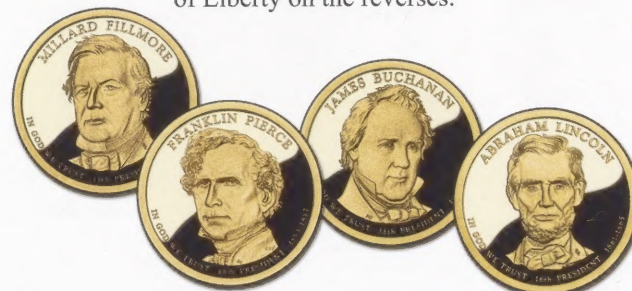

Lincoln One-Cent Coin

The Lincoln one-cent coin reverse depicts a union shield with a scroll draped across that is emblematic of Lincoln's preservation of the United States of America as a single and united country.

Presidential \$1 Coins

The Presidential \$1 Coins have dramatic portraits of **Millard Fillmore, Franklin Pierce, James Buchanan** and **Abraham Lincoln** on the obverses and the Statue of Liberty on the reverses.

Created by Congress in 1792, the United States Mint is the Nation's sole manufacturer of United States legal tender coinage. Its primary mission is to produce an adequate volume of circulating coinage for the Nation to conduct its trade and commerce. In addition to circulating coins, the United States Mint produces proof, uncirculated and commemorative coins; Congressional Gold Medals; and gold, silver and platinum bullion coins.
